DCU SPORTS
CHILD PROTECTION AND
SAFEGUARDING POLICY

EXECUTIVE SUMMARY

“KEEPING CHILDREN SAFE”

PLAN
Through creating an enjoyable environment for all children and young people who wish to take part in activities at its facilities within the Dublin City University campus, DCU Sport has a great reputation for fun, professionalism and safety. It is also an environment where all children and young people are treated in an equitable and fair manner regardless of ability, age, religion, social and ethnic background or political persuasion.

Consistent with the principles of the “Children First: National Guidance for the Protection and Welfare of Children (Department of Children and Youth Affairs 2011), and “Our Duty to Care” (Department of Health & Children 2002), and the pending full commencement of the Children’s First Act 2015, DCU Sport has adopted this Child Protection and Safeguarding Policy to underpin its commitment to the safety and welfare of children and young people who engage with DCU Sport through its staff, facilities and activities.

All adults are in a position of trust and influence and, are expected to treat children with integrity and respect and ensure that the self-esteem of children is enhanced. Accordingly, all adult actions should be guided by what is best for the child and carried out in the context of respectful open relationships. Through its Codes of Conduct, this Child Protection and Safeguarding Policy applies to;

- Parents / Guardians
- Children / Young People
- DCU Sport Staff, Coaches and Volunteers.

DCU Sport Child Protection and Safeguarding Policy is an evolving document. Therefore, DCU Sport will evaluate the Policy annually taking into account such items as feedback received and/or any changing legislation over that period and amend the Policy as appropriate.

1.1 STATEMENT OF PURPOSE AND INTENT

1. “All children should be valued and treated in an equitable and fair manner regardless of ability, age, gender, religion, social and ethnic background or political persuasion.

2. Children, irrespective of ability or disability should be involved in sports activities in an integrated and inclusive way, whenever possible, thus allowing them to participate to their potential alongside other children.

1.3 TYPES AND DEFINITIONS OF CHILD ABUSE

Child abuse can be categorised into four different types:

1. Physical abuse
2. Emotional abuse,
3. Neglect
4. Sexual abuse.

A child may be subjected to one or more forms of abuse at any given time.

The following are the definitions of each form of abuse as per the “Children First: National Guidance for the Protection and Welfare of Children” (2011):

Physical Abuse is defined as:-

“Physical abuse of a child is that which results in actual or potential physical harm from an interaction, or lack of interaction, which is reasonably within the control of a parent or person in a position of responsibility, power or trust. There may be single or repeated incidents.”

Emotional Abuse is defined as:-

“Emotional abuse is normally to be found in the relationship between a parent/carer and a child rather than in a specific event or pattern of events. It occurs when a child’s developmental need for affection, approval, consistency and security are not met. Unless other forms of abuse are present, it is rarely manifested in terms of physical signs or symptoms.”

Neglect is defined as:-

In “terms of an omission, where the child suffers significant harm* or impairment of development by being deprived of food, clothing, warmth, hygiene, intellectual stimulation, supervision and safety, attachment to and affection from adults, and/or medical care”.

*Harm can be defined as the ill-treatment or the impairment of the health or development of a child. Whether it is significant is determined by the child’s health and development as compared to that which could reasonably be expected of a child of similar age.

Sexual Abuse is defined as:-

“occurs when a child is used by another person for his or her gratification or sexual arousal, or for that of others.”

Please refer to Principle 1.3 & Appendix 1, DCU Sport Child Protection & Safeguarding Policy for more comprehensive details on each type of abuse including signs & symptoms procedures.
2.1 SUPERVISION AND DEPLOYMENT OF DCU SPORT PERSONNEL

From the associated perspectives of Health & Safety and Child Protection & Safeguarding, to reduce and minimise any potential risk of injury to children and young people while ensuring adequate cover remains in case of an emergency, when working with children and young people and in accordance with the ratio recommended by Irish Sports Council Code of Ethics, DCU Sport will apply the supervision guide ratio standard of:-

<table>
<thead>
<tr>
<th>Age</th>
<th>No. of Supervisors</th>
<th>No. of Children/Young Persons</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under 12 years</td>
<td>1</td>
<td>8</td>
</tr>
<tr>
<td>12 years and over</td>
<td>1</td>
<td>10</td>
</tr>
</tbody>
</table>

Additionally, good practice means that at least one other person shall be present at all activities to safely supervise children and young people.

As a general guide, some examples of factors taken into consideration in determining how many persons are required to safely supervise children:

- The number of children and young people involved in the activity;
- The age, ability and experience of the children and young people participating in the activity;
- Any disabilities or special requirements of any child and young person including challenging behaviour;
- The ‘risk assessment’ associated with the activity being undertaken;
- Where there are mixed gender groups, it is preferably to have one male and one female as supervisors.

2.2 BULLYING

DCU Sport is fully committed to fostering a caring, friendly and safe environment for everyone whether they are competitively or socially involved in any sports activity so they can participate within a relaxed, safe and secure atmosphere. Accordingly, bullying of any kind is unacceptable in sports & its environments and, it will not be tolerated under any circumstances at DCU Sport.

Examples of a bully in sport can be:

- a **parent** who pushes too hard
- a **coach** who adopts a ‘win at all costs’ philosophy
- a **fellow sportsperson** who intimidates or ridicules a peer
- a **club official** who places unfair pressure on a person
- a **spectator** who constantly shouts abuse or gestures at players; coaches; club or facility officials and other spectators
In the event where bullying does occur, all participants; DCU Sport coaches; DCU Sport Staff and
volunteers or parents should be able to tell and know that incidents will be dealt with promptly
and effectively. Reporting of any bullying incidents may be made by any child or young person or,
on their behalf by their Parent or Guardian to a member of DCU Sport Staff or Volunteer or, directly
to the Mandated Person or the Deputy Mandated Person.

Please refer to Principle 2.2, DCU Sport Child Protection & Safeguarding Policy for the full DCU
Sport Anti-Bullying Policy which incorporates Reporting, Responding & Prevention procedures.

Where practicable, children and young people shall be appropriately supervised at all times in the
changing rooms by two members of DCU Staff. Where there are mixed gender groups/teams,
separate changing room facilities will be utilised and supervised accordingly. DCU Sport Staff of
the opposite gender shall NOT be present whilst children or young people are showering or
changing.

If a child or young person is uncomfortable changing or showering in public, no pressure should be
placed on them to do so and they should be encouraged to do this at home. Children or young
people with disabilities shall be involved with their parents/carers/guardians and DCU Sport in
deciding how they should be assisted and ensure they are able to consent to the assistance that is
offered.

In line with Principle 2.7, all children/young people; parents/guardians; DCU Sport Staff and any
other persons who may be present, should be aware that NO photographic equipment includes
cameras, video cameras, mobile phones with photographic capabilities etc. should be used in the
changing rooms.

2.4 TOILETING

When DCU Sport is facilitating or has organised a series of activities or camps for children or young
people, to facilitate the smooth operation of rest breaks and/or toilet breaks, DCU Sport Staff shall
operate a supervised toileting system.

Where a child or young person is considering attending at or participating at any activities or sports
camps organised by DCU Sport, has specific toileting/intimate care needs, it may be necessary that
prior to such attendance or participation, that a meeting is held between all parties concerned
where the needs of the child should be addressed and agreement reached if DCU Sport can meet
those needs.

2.6 VIDEO RECORDING AND PHOTOGRAPHY

In order to reduce the risk of images of children being used inappropriately, unsolicited or illegally by any person(s), DCU Sport has adopted a policy in respect the taking and usage of images of children and young people via video recording, photography or any other recording device. This is not to avoid or discourage parents/guardians from taking photographs of their children or young people participating in their activities but to ensure that

1. Best practice is put in place wherever and whenever photographs and recorded images may be taken and subsequently stored.
2. All video recording and/or photographing is appropriate and non-intrusive.
3. Whenever possible, only those who have a right to take videos and/or photographs, do so provided that before taking any recording or image of a child or young person that is not their own, they obtain written permission from a child’s parent/guardian and ensure that the parent/guardian knows the way the image will be used.
4. The privacy of others is to be respected at ALL times and accordingly, the use of camera phones, videos and cameras inside changing areas, showers and toilets or First Aid areas is strictly prohibited.
5. Videoing as a coaching aid: Video equipment can be used as a legitimate coaching aid. However, permission should first be obtained from the child or young person and/or the child or young person’s Parent/Guardian.

Please refer to Principle 2.7, DCU Sport Child Protection & Safeguarding Policy for the full DCU Sport Video Recording & Photography Policy.

2.8 DISABLED CHILDREN AND YOUNG PEOPLE

In accordance with domestic legislation and International obligations, disabled children and young people are entitled to the same rights to protection as any other child or young person. Despite this, research informs that children and young people who have a learning, communication or physical disability are increasingly more vulnerable and accordingly, are at a higher risk of being a victim of some form of abuse. Therefore, particular care shall be taken by all DCU Sport Staff and
volunteers when working with children and young people affected by a learning, communication or physical disability

2.9 ETHNICITY OF CHILDREN AND YOUNG PEOPLE

Children and young people from minority cultural or ethnic groups are additionally vulnerable to all forms of abuse because they may be:

- Experiencing or subjected to ongoing racism and racist attitudes.
- Experiencing racism and prejudices through being ignored by people in authority.
- Afraid of exacerbating abuse to higher levels if they challenge or report their abuse and abuser to others.
- Subjected to myths and stereotyping, e.g. all people of a particular culture are good with or hit their children or young people.
- Wanting to fit in and not make a fuss.
- Using or learning English as a second language

In line with Codes of Conduct as per Principle 4 of the DCU Sport Child Protection & Safeguarding Policy, particular care shall be taken by children; young people; parents; guardians and all DCU Sport Staff when working with children and young people from minority, cultural or ethnic groups.

While DCU Sport accepts that there may be extenuating circumstances or occurrences beyond the control of parents/guardians resulting in the late collection of children or young people at DCU Sport, the issue of late collection of children presents DCU Sport Staff with a potentially difficult supervisory situation. In such circumstances, it is not the responsibility of DCU Sport Staff to transport or make alternative arrangements to transport any child or young person home on behalf of parents who may have been delayed.

2.11 COMMUNICATION AND SOCIAL MEDIA

DCU Sport acknowledge the significant impact that communication and social media technologies have for all children, young people and adults and, because of various formats available, DCU Sport advocates & encourages they are used at all times safely, sensibly, securely and responsibly for their positive benefits and to minimise the potential negative or harmful uses for which they can be used.

Please refer to Principle 5, DCU Sport Child Protection & Safeguarding Policy for the Roles and Responsibilities of the Mandated Person and Deputy Mandated Person.
6.1 REASONABLE GROUNDS FOR REPORTING SUSPICIONS OR CONCERNS.

Child abuse can often be difficult to identify and may present in many forms. The ability to recognise child abuse depends as much on a person’s willingness to accept the possibility of its existence as it does on their knowledge and information. It is important to stress that no singular indicator should be seen as conclusive in itself of abuse.

Mindful of reporting obligations under the Criminal Justice (Withholding of Information on Offences Against Children and Vulnerable Persons) Bill, 2012 the Statutory Authorities should always be informed when a person has reasonable grounds for concern that a child may have been abused, or is being abused, or is at risk of abuse.

Please refer to Principle 6.1, DCU Sport Child Protection & Safeguarding Policy for more comprehensive details on Reasonable Grounds.

6.2 IMPEDIMENTS FOR REPORTING SUSPICIONS OR CONCERNS.

Despite the welfare and protection of the child or young person being of the paramount concern, impediments can exist that inhibit the early notification personal and/or organisational to the relevant authorities, for example;

1. Unfamiliarity with the Signs and Symptoms of Abuse and/or Neglect
2. Social and Cultural concerns
3. Personal concerns (Uncertainty and fear)
4. Agency or organisational barriers
5. Reporting
6. Concerns regarding outcomes of filing a Report

6.3 RESPONDING TO, REPORTING & RECORDING OF DISCLOSURES.

DCU Sport affirms that all allegations of abuse shall always be taken seriously. False allegations of abuse from children or young people are very rare so if a child or young person discloses or indicates they have been/are being abused or, information is obtained which gives concern that a child or young person is being abused, the disclosure/information must be acted on as soon as possible in line with the following procedures;
1. Responding to Disclosures:
When a child or young person makes a disclosure or gives information of suspected abuse, it is important that the person receiving the disclosure shall;

**DO**
- **Stay calm** – Do not rush into taking rash or inappropriate actions.
- **Reassure the child** – That they are not to blame
- **Listen sympathetically** – To what the child says
- **Be compassionate** - Understand that the child or young person has decided to tell something that is very important to them
- **Be honest** – Tell the child or young person that it is not possible to keep this information secret
- **Keep questions to minimum** – Only ask questions to clarify what the child or young person has said.
- **Ensure you clearly understand what the child or young person has said** – In order that the information can be recorded carefully and accurately
- **Consult with** - The Mandated Person ensuring that all the information is communicated accurately.
- **Maintain Confidentiality** – All incidents will be treated with an open mind and handled in a fair and equitable manner. Information will only be shared on a ‘need to know’ basis.
- **Ensure the safety of the young person** – if urgent medical attention is required then call an ambulance, inform the attending medical staff/nurses/doctor of the concerns and make them aware that it is a child protection issue.

**DON’T**
- **Don’t panic** – or allow your feelings to be evident.
- **Don’t make promises you cannot keep or agree to keep secrets** – explain that you will need to tell other people
- **Don’t make the child or young person repeat the story unnecessarily.**
- **Don’t probe for more information than is offered**
- **Don’t speculate, make assumptions or make any judgmental statements against the person whom the allegation is made.**
- **Don’t approach the alleged abuser.**
- **Don’t delay – in making the report to the Mandated Person.**
- **Don’t speculate or make assumptions.**
- **Don’t take sole responsibility.**

2. Sharing concerns with parents/guardians:
Where there are reasonable causes for concerns that the parent(s)/guardians of the child or young person may be responsible for or, have knowledge of the abuse, sharing concerns with the parent(s)/guardian may place the child or young person at further significant risk or harm.

3. Recording to Disclosures:
It is important that a written record of all the information about the alleged abuse whether disclosed/observed/suspected is made as soon as possible using the Standard Reporting Form This record should be done irrespective of whether the report is subsequently forwarded on to the Child and Family Agency or An Garda Síochána. The advice or assistance of the Mandated Person should be sought if necessary.
4. Reporting of Disclosures: (See Figure 1)
The completed Standard Reporting Form shall be forwarded to the appropriate authorities through the Mandated Person or in their absence, the Deputy Mandated Person. In case of emergency, the Report can be made verbally by the informer initially to the relevant statutory authority and then, followed up in writing using the Standard TUSLA Reporting Form.

6.4 LEGAL OBLIGATIONS TO REPORTING SUSPICIONS AND CONCERNS.

The Criminal Justice (Withholding of Information on Offences against Children and Vulnerable Adults) Bill 2012 came into effect on the 1 August, 2012. It created an offence of withholding information in relation to specified offences committed against a child or vulnerable person, and arises where a person;

i. knows or believes that a specified offence has been committed against a child or vulnerable person, and

ii. he or she has information which would be of material assistance in securing the apprehension, prosecution or conviction of another person for that offence, and fails without reasonable excuse to disclose that information as soon as it is practicable to do so to a member of the Garda Síochána.

6.5 LEGAL PROTECTION FOR REPORTING SUSPICIONS OR CONCERNS.

The Protection for Persons Reporting Child Abuse Act, 1998 provides immunity from civil liability to persons who report child abuse ‘reasonably and in good faith’ to designated officers of the Child and Family Agency or An Garda Siochána. The act also covers the offence of ‘false reporting’. The main provisions of the Act are:

1. The provision of immunity from civil liability to any person who reports child abuse “reasonably and in good faith” to designated officers of Child and Family Agency or any member of An Garda Siochána;
2. The provision of significant protection for employees who report child abuse. These protections cover all employees and all forms of discrimination up to and including, dismissal;
3. The creation of a new offence of false reporting of child abuse where a person makes a report of child abuse to the appropriate authorities “knowing that statement to be false”. This is a new criminal offence designed to protect innocent persons from malicious reports.

Children’s First Act 2015:
Although it has not yet commenced, Section 16 of the Act provides for further enhanced protection for Mandated Persons reporting suspicions or concerns.

6.6 CONFIDENTIALITY.

DCU Sport is committed to ensuring people’s right to confidentiality and, that it should be maintained in respect of all issues and people concerned in cases of abuse, welfare or bad practice.
Accordingly, the rights of both the child and the person about whom the complaint has been made are protected.

Notwithstanding, guarantee of total confidentiality or undertakings regarding secrecy cannot be given, as the best interests and welfare of the child or young person will supersede all other considerations.

6.7 ALLEGATIONS AGAINST DCU SPORT STAFF, COACHES OR VOLUNTEERS.

In the event of an allegation(s) being made against a member or members of DCU Sport Staff, the protection of the child/young person is the first and paramount consideration, and to ensure that no child or young person is exposed to unnecessary risk. (See Figure 2)

DCU Sport, in having a dual responsibility to both the child or young person and the staff member(s) shall as a matter of urgency take any necessary protective measures or actions that shall;

i. be proportionate to the level of risk and
ii. where an allegation of child abuse against a staff member is received, it will be assessed promptly and carefully.
iii. consider any action to be taken following the report shall be based on an opinion formed ‘reasonably and in good faith’.
iv. not unreasonably penalise the staff member, financially or otherwise, unless necessary to protect children.
v. if it so decides that, based on reasonable grounds for concern, as outlined in Principle 6.1 and Appendix 1 of the DCU Sport Child Protection & Safeguarding Policy, such grounds do exist, a formal report shall be made to the Child and Family Agency.

DCU Sport and its designated personal will take care to ensure that any actions taken by them do not undermine/compromise/frustrate any investigations and/or assessments being carried out by the Child and Family Agency or An Garda Síochána. Accordingly, DCU Sport shall maintain a close liaison with the statutory authorities to achieve this.

6.8 ‘WHISTLE-BLOWING’

‘Whistle-blowing’ is a warning system whereby concerns or suspicions can be raised regarding allegations of abuse; inappropriate conducts or practices within an organisation, its facilities or by individual(s) associated with it. There may be circumstances where individual Staff members of DCU Sport; children and young people feel that they are unable to raise concerns or suspicions regarding alleged incidents of abuse within DCU Sport and its environment, on the grounds that they believe or have a reasonable doubt that these concerns or suspicions would not be taken seriously or dealt with adequately. Accordingly, DCU Sport shall:

1. remind all members of DCU Sport Staff that, in accordance with their statutory obligation under the Criminal Justice (Withholding of Information on Offences Against Children and
Vulnerable Persons) Bill, 2012, they have a legal duty and obligation to raise their concerns or suspicions with the appropriate authorities where they believe that a child or young person is being abused or is at serious risk of harm.

2. fully support and protect any member of DCU Sport Staff who, in good faith, reports his or her concern that a colleague is, or may be abusing a child or young person.

3. remind DCU Sport Staff of the legal protection accorded to them under the Protection for Persons Reporting Child Abuse Act, 1998 (Principle 6.11, DCU Sport Child Protection & Safeguarding Policy)

6.9 DISCIPLINE.

DCU Sport has its own complaints and disciplinary procedure (Appendix 10) for dealing with breaches of the DCU Sport Child Protection and Safeguarding Policy and will take disciplinary action against any person/organisation/bookee that are found to have breached the DCU Sport Child Protection and Safeguarding Policy including the making of false and malicious allegations. Possible sanction measure(s) that may be taken include:

- verbal and/or written warning;
- additional training and/or mentoring to address behaviour and conduct;

- suspension or cancellation of any contractual agreement between DCU Sport and organisation/bookee;
- suspension from participation or involvement in any role or activity at DCU Sport for a period of time or permanent termination;
- any other form of discipline that DCU Sport considers to be reasonable and appropriate.

6.10 ANONYMOUS COMPLAINTS.

Anonymous complaints can be difficult to deal with but under no circumstances, shall they be ignored as the safety and welfare of the child/children is the paramount consideration in all cases. Therefore, any such complaints relating to possible abuse or inappropriate behaviour should be brought to the attention of the Mandated Person.

Rumours can have a detrimental effect to a safe environment for children and young people and, potentially compromise the smooth and efficient running of activities. Accordingly, any member of DCU Sport Staff should bring any rumours (including insinuations or innuendos) relating to possible abuse or inappropriate behaviours to the attention of the Mandated Person.

6.11 VEXATIOUS COMPLAINTS & VICTIMISATION

DCU Sport strives to ensure its complaints procedure is conducted with the utmost integrity and on the principle of natural justice. However, if at any point during the complaint process, the Mandated Person or in their absence, the Deputy Mandated Person considers that a complainant
has knowingly made an untrue complaint or, that the complaint made is vexatious or malicious, the matter may be referred to the Chief Executive DCU Sport.

Having regards to all the circumstances of the matter, the Chief Executive DCU Sport may consider the matter to be of such gravity that it should be referred to An Garda Síochána for their consideration if a person has knowingly made an untrue complaint or, that the complaint made is vexatious or malicious.

6.12 FREEDOM OF INFORMATION.

Under the Freedom of Information Acts 1997 and 2003, members of the public have a right of access to records concerning them held by any public body and a right to

i. have official information about themselves amended where it is incorrect, incomplete or misleading,

ii. be given reasons for decisions made concerning themselves.

Requests to see records are processed in the first instance through the public body that holds the records. In the event of refusal of access, the decision may be appealed and the ultimate arbiter is the Information Commissioner.

The Data Protection Acts 1988 and 2003 afford similar rights to individuals to access personal data held about them by any entity whether in the public or private sector. The right to access applies to records held by the Child & Family Agency and An Garda Síochána. However, the right to access does not apply in a range of circumstances that may be relevant in a child welfare context.

6.13 RECKLESS ENDANGERMENT OF CHILDREN.

The Criminal Justice Act 2006 provides for a new offence of “reckless endangerment of children”. This offence may be committed by a person who has authority or control over a child or an abuser and who intentionally or recklessly endangers a child by:

a) Causing or permitting any child to be placed or left in a situation which creates a substantial risk to the child of being a victim of serious harm or sexual abuse or,

b) failing to take reasonable steps to protect a child from such a risk while knowing that the child is in such a situation.

6.14 REASONABLE CHASTISEMENT OF CHILDREN.

Section 28 of the Children’s First Act 2015 has removed the defence of ‘reasonable chastisement’ from the common law which means that if any parent / guardian / carer who administers corporal punishment to a child or young person, s/he will no longer be able to rely on a defence of ‘reasonable chastisement’ should the matter end up in a court of law.

Please refer to Principle 6, DCU Sport Child Protection & Safeguarding Policy for the more comprehensive details on ALL procedures.

7.1 **DCU SPORT STAFF**

No member of DCU Sport Staff shall investigate allegations of abuse or decide whether or not a child or young person is/has been abused.

DCU Sport Staff are reminded that the possibility that someone may be abusing a child or young person, in particular if they suspect that it is someone they know, will raise personal feelings and concerns. Although it can be difficult to report such matters, DCU Sport Staff must remember that:

- the welfare of the child is paramount
- being vigilant helps to protect children
- everyone has a duty of care to report any concerns they have immediately
- a good reporting structure ensures that concerns are dealt with fairly

Comprehensive flowcharts which illustrate the complete referral process for any concerns/suspicions arising in and outside DCU Sport, are set out in Principle 6 of this Guide.

7.2 **INVESTIGATIVE PROCESS – STATUTORY AUTHORITIES.**

Only An Garda Síochána and the Child & Family Agency (TUSLA) have the responsibilities of investigating allegations of the abuse of children, young people and vulnerable persons in Ireland have very separate and distinct roles with regard to the protection of children, young people and vulnerable persons.

**An Garda Síochána:** Only Gardaí can investigate allegations of a criminal offence against a child, young person or vulnerable person. It is the role of the Child & Family Agency to provide the necessary supports and monitoring of children, young person or vulnerable person at risk. Notwithstanding, in relation to the investigation of criminal offences against a child, young people and vulnerable persons, legislation such as the Criminal Justice (Withholding Information on Offences Against Children and Vulnerable Adults) Bill 2012 requires any person who has evidence that a person has committed a serious offence against a child or vulnerable person must provide the Gardaí with that information so that the Gardaí can investigate that alleged crime.

**Child & Family Agency (TUSLA):** The Children’s First Act 2015 address the role of the Child and Family Agency (TUSLA). It will require that relevant persons in a position to assess children at risk of abuse must provide the Child and Family Agency (TUSLA) with the information necessary to monitor and provide supports to a child, young person or vulnerable person who may have been abused.
